QUARTERLY CONFERENCE.

Presiding Elder, H. B. Blue, of the Lebanon district, announces the following dates for hold-

SUGAR FOR HOME CANNING AND PRESERVING. 25 POUNDS CAN BE PURCHASED AT ONE TIME.

Under the due execution of the certificate below, permission may be given to any person in your county to buy at one time not to exceed twenty-five (25) pounds of sugar for canning and preserving purposes. You should instruct all merchants of your county that under no circumstances must sugar be sold in larger quantities than five pounds to city and ten pounds to country customers without the execution of this certificate. Any violation of this rule, or failure to have a certificate in writing for each sale made for canning and pre-

serving purposes will be cause for denying such merchants permission for the sale of sugar in any quantity.

The certificate should be carefully preserved by the merchant selling the sugar, who should make a record in a book of the date, name of purchaser and amount purchased, and at the end of each week the certificate should be mailed to the County Food Administrator. Any person improperly using a certificate to obtain sugar will be denied the right to make further purchases of that commodity.

U. S. FOOD ADMINISTRATION Sugar Pledge for Home Canning and Preserving

_____Tenn., _____ 1918

Desiring to purchase sugar for immediate canning and preserving purposes, I hereby pledge myself to use such sugar exclusively for such purposes and under no circumstances to sell or loan the same. Permission is sought to buy _____ pounds from _____ at _____

_____ Sig. of Purchaser.

I hereby certify that the above amount of sugar was this day sold by me for use by the above purchaser for preserving and canning purposes only and I further certify that I have reason to believe that such sugar will not be used otherwise than in accordance with the regulations of the U. S. Food Administration.

Under no circumstances must more than twenty-five pounds of sugar be sold on this certificate or to any customer at any one time. No retailer shall sell to the same customer on additional certificates until he has satisfied himself that the permission obtained in previous certificates has

not been abused.

This certificate will not be furnished by the Food Administration, but must be furnished by the dealer. No form other than that above will be permitted.

Yours very truly,

WEAK BACKS

VIN HEPATICA

You so often feel weak in the back, listless and all run down this time of year. Ten to one it is because your kidneys are not working right. They are the filtering plant of your body and when they get out of fix, you're out of fix.

What you want to do, and do at once to strengthen your back and be yourself again, is to get a bottle of Vin Hepatica, the great herbal prescription for cleansing the kidneys, stomach, liver and bowels, and start taking it immediately. It goes at once to the seat of the troubles and puts you in fine fettle again. You should always have a bottle on hand. L. B. Anderson, Gainesboro, Tenn.
